# Table of contents

This site is the **student documentation** for the `mccoursepack`.

Start here:

- **Getting Started** — install tools, open your first project
- **R & RStudio** — what's what
- **Weekly Journal** — how the journal system works
- **Quarto Basics** — writing with Quarto
- **Course Workflow** — week-by-week rhythm
- **Git & GitHub** — version control & submissions
- **Troubleshooting** — common fixes
- **Reference** — package functions & bibliography
